Essential Cases: Public Law provides a bridge between course textbooks and key case judgments. This case document summarizes the facts and decision in R (on the application of Evans) and another v Attorney General [2015] UKSC 21, Supreme Court. This case concerns whether Parliament can have intended for a statutory provision to allow a member of the executive to overturn the decision of a court without good, clearly articulated reasons (Lord Mance), or contrary to constitutional principle (Lord Neuberger). The document also includes supporting commentary from author Thomas Webb.
