Essential Cases: Public Law provides a bridge between course textbooks and key case judgments. This case document summarizes the facts and decision in R (on the application of Privacy International) v Investigatory Powers Tribunal [2019] UKSC 22, Supreme Court. This case revisited the legality of ouster clauses discussed in Anisminic ([1969] 2 AC 147) in the context of the reviewability of decisions made by the Investigatory Powers Tribunal. The document also includes supporting commentary from author Thomas Webb.
