The Concentrate Questions and Answers series offers the best preparation for tackling exam and assignment questions. Each book includes key debates, typical questions, diagram answer plans, suggested answers, author commentary, and tips to gain extra marks. In real life a client is likely to require advice in relation to a number of family law issues and as a consequence, family law assessments sometimes require students to demonstrate knowledge and understanding of a variety of topics. This chapter contains five mixed problem questions that cover more than one area of family law: together they cover forced marriage; nullity; divorce; domestic violence; legal parenthood; child maintenance; private law relating to children; the resolution of family disputes; financial relief on divorce; and family property.
