13. Skills for Success in Coursework Assessments

The Concentrate Questions and Answers series offers the best preparation for tackling exam and assignment questions. Each book includes key debates, typical questions, diagram answer plans, suggested answers, author commentary, and tips to gain extra marks. This chapter builds upon the guidance provided in chapter one regarding the completion of coursework or assignment questions. It sets out the expectations lecturers will have in relation to coursework submissions and provides advice on: planning and how to research assignment tasks; how to evaluate and critically analyse the law; how to adhere to the word count; how to reference; how to proofread; and the practicalities of submission. It then contains a sample coursework answer.
