The Concentrate Questions and Answers series offers the best preparation for tackling exam and assignment questions. Each book includes key debates, typical questions, diagram answer plans, suggested answers, author commentary, and tips to gain extra marks. The aim of Concentrate Q&A Family Law 2018 is to show candidates how to display their learning. This chapter starts with tips for writing essays and answering problem questions, which are followed by four lists of exam hints. Where relevant, the assumption is that the exam is to be set internally. The first list consists of preparation advice, whilst the second and third cover the exam itself. Some of the points made in these lists are obviously applicable to any exam, law or otherwise. Even third-year students may gain from these lists, if only by way of a refresher course. The fourth list is exclusively concerned with family law exams (and assignments).
