10. Skills for Success in Coursework Assessments

The Concentrate Questions and Answers series offer the best preparation for tackling exam questions. Each book includes typical questions, bullet-pointed answer plans and suggested answers, author commentary, and illustrative diagrams and flowcharts. This chapter presents sample exam questions along with examiner’s tips, answer plans, and suggested answers about EU law on sex discrimination and equality. The questions have been divided into a general question on the inclusion of sex discrimination provision in the first place; problem questions on aspects of equal pay and equal treatment; an essay question on a specific development in this area of law, which considers the overlapping area of pay and pensions and a problem on pregnancy-related matters. A new essay type question has been introduced on the expansion of areas protected by equality legislation at the end of the chapter.
