The Concentrate Questions and Answers series offer the best preparation for tackling exam questions. Each book includes typical questions, bullet-pointed answer plans and suggested answers, author commentary and illustrative diagrams and flowcharts. This introductory chapter sets out the book’s purpose, which is to provide a number of example questions on European Union (EU) law, which should be fairly typical of those met on degree level courses on EU law. The questions are then followed by a few sentences or paragraphs of comment on the type of question, the main aspects or elements to be considered in the question, various examiner’s tips on particular issues to be aware of, to include or indeed to avoid, and advice on structuring the answer. The suggested answers are designed to demonstrate how the particular questions should be answered to get a good mark, i.e., an upper second or better.
