The Concentrate Questions and Answers series offers the best preparation for tackling exam questions. Each book includes typical questions, bullet-pointed answer plans and suggested answers, author commentary and illustrative diagrams and flow charts. This book is a supplementary aid to coursework preparation and particularly to revision for examinations and coursework. It does not present model answers to be slavishly imitated but, rather, examples to help the student understand the topic and see how it might be approached. The examinee’s objective is to accumulate in the time allowed as many marks as possible, a goal that needs to be broken down into three stages: namely, planning, execution and review. These days law examinations can take different forms, including seen questions, open book exams and so on. To take account of this, the book includes essay answers that are closer to more
