7. Supporting evidence: Lies, identification evidence, and suspect witnesses

The Concentrate Questions and Answers series offers the best preparation for tackling exam questions. Each book includes typical questions, bullet-pointed answer plans and suggested answers, author commentary and illustrative diagrams and flow charts. This chapter discusses supporting evidence, which is variously referred to in textbooks as hazardous evidence, supporting evidence or safeguards against unreliability and error. Supporting evidence encompasses types of evidence that might intrinsically be of questionable reliability and, therefore, require supportive evidence. Key areas are disputed identification and lies told by the defendant. It is important to be familiar with the two distinct ways that the reliability of identification evidence is enhanced: first, the judge should issue the Turnbull guidelines; and,
