Each Concentrate revision guide is packed with essential information, key cases, revision tips, exam Q&As, and more. Concentrates show you what to expect in a law exam, what examiners are looking for, and how to achieve extra marks. This chapter discusses the law on police powers. These include the role of the police, the organization of the police in England and Wales, police areas, the powers and functions of Police and Crime Commissioners, the Mayor’s Office for Policing and crime in London, the Police and Criminal Evidence Act 1984 and its Codes of Practice, which contain rules concerning police powers of stop, search, entry, seizure of property, arrest, detention, and treatment of suspects; the meanings of reasonable suspicion and public place, and information which must be given on arrest.
