Concentrate Q&A Criminal Law: Law Revision and Study Guide (3rd edn)

Mischa Allen

Abstract

The Concentrate Questions and Answers series offers the best preparation for tackling exam questions. Each book includes typical questions, diagram answer plans, suggested answers, author commentary, and advice on study skills. This includes pitfalls to avoid in the caution sections; and tips for gaining extra marks in questions. Further reading is provided at the end of chapters. Concentrate Questions & Answers Criminal Law offers advice on what to expect in exams and how best to prepare. The book begins by looking at exam and study techniques and then moves on to consider the elements of a crime (including actus reus and mens rea), murder and manslaughter, non-fatal offences, and sexual offences. It then looks at a range of property offences, before exploring the defences in depth. The book concludes with a consideration of secondary participation and inchoate offences, a chapter on mixed questions, and a chapter on how to tackle coursework assessments.
